**WELCOME
to Bracken Moor!**

GOOD AFTERNOON !

Good afternoon and welcome to today's visitor's Manchester City for the fourth of our home friendlies against football league clubs. With Barnsley not being able to come to Bracken Moor I should like to thank City for coming to Bracken Moor at such relatively short notice. It will be their first visit to Stocksbridge and hopefully not their last.

Thanks also to Frank Bunn of City for sending the team information so promptly.

The other pre-season games have gone well with a 2-0 win against Wednesday and a narrow 1-0 defeat against a strong Rotherham side. With all Steels players putting in good performances, let's hope this can be carried on starting at Kendal on the 16th of August. Steels have an early home fixture against Lincoln United the following Tuesday.

Steels have been busy in the transfer market and seven new signings have been made during the summer months. They include Jason Bonser and Peter Knox from Ossett Town. Ryan O'Carroll and Scott Bates from Glapwell. Steve Johnson has also signed from Alfreton Town, with some more signings in the offing it looks as if a strong squad is being assembled.

Two others who have signed this close season are a little bit better known to Steels supporters, they are Brad. Elam from Alfreton Town and Jon Wordsworth from Guiseley.

Today's Match Sponsors is Barclays Bank thanks to Darren Hirst for his kind sponsorship.

ENJOY THE GAME ED.
